Important Financial Aid Tips

- Financial aid applications are accepted throughout the year, but it is important to note that the appropriate preference date for receipt of aid applications must be met as aid is awarded on a funds-available basis.
- **DO NOT WAIT FOR YOUR ADMISSION DECISION TO APPLY FOR FINANCIAL AID.** Financial aid resources are limited and there is no guarantee of assistance for students who do not submit appropriate documentation by the deadline posted above. **Your financial aid application will not be considered complete until all documents are received.**
- The Free Application for Federal Student Aid (FAFSA) is available at fafsa.gov. Use Federal School Code is 001536. Create an FSA ID and Password at fsaid.ed.gov (<https://studentaid.gov/fsa-id/create-account/launch/>).
- Complete your CSS/Financial Aid PROFILE at css.collegeboard.org (<https://student.collegeboard.org/css-financial-aid-profile/>). After you complete your CSS/Financial Aid PROFILE, you will receive an e-mail from the College Board's IDOC (<https://idoc.collegeboard.org/idoc/>) process with instructions on submitting the initial necessary documentation.
- *Students must also click on their "View Financial Aid" link, in their UM Portal, and follow the instructions on how to submit any additional financial aid requirements.*
- If you are not required to file a federal tax return and will not be filing, please submit the official IRS Verification of Non-filing Letter. This can be ordered through the IRS website (<https://www.irs.gov/individuals/transcript-types-and-ways-to-order-them/>).

Financial Aid Census Date

Financial aid awards will be set according to a census date or date of fixed enrollment. All financial aid awards will be set according to the enrollment in effect at the close of business on the last day of the drop/add period each regular semester. No adjustments will be made to the financial aid awards for any enrollment changes (increases or decreases) made after this date with two exceptions:

1. Bright Futures awards will continue to be adjusted (increased or decreased) according to any change in the enrolled credit hours. Please note that Bright Futures increases can affect other need-based aid eligibility.
2. The aid award package for students with federal financial aid and who completely withdraw (drop to 0 credit hours enrolled) will be adjusted according to the regulatory required Return To Title IV Calculation.

Law, Graduate and Doctoral Students

It is the purpose of the Office of Student Financial Assistance and Employment to provide federal financial aid assistance to qualified students in the form of loans and work programs (<https://grad-prof.miami.edu/types-of-aid/>) to the extent that resources are available.

Federal Loans offered to a Law, Graduate or Doctoral student:

Federal Direct Unsubsidized Loan: Eligibility is not based on need and is up to \$20,500 for an academic year. This loan program does accrue interest while the student is enrolled.

Federal Direct Graduate PLUS Loan: This loan is based on the borrower not having an adverse credit history. Once you have accepted the offered loan amount on CaneLink, a credit check will be conducted by the US Department of Education. If the loan is credit declined, students have the option of

appealing that decision or reapplying with an endorser; however, the Department of Education will then require you complete Credit Counseling to approve the disbursement of your loan.

Graduate students, who are interested, can request, and receive Federal Work-Study. This award is not automatically offered since many students do not choose to utilize it. The student must contact 'Canes Central to request the award. Please note that students who request Work-Study will have their loan package reduced to accommodate the award.

Scholarships, Fellowships, Stipends, and Tuition Waivers are handled exclusively by the respective graduate college or school. At the point our office is notified of these awards it is added to the students' package. Adjustments to the students' federal loan may take place to prevent an overaward.

For additional information, please visit the Law School Website (<http://www.law.miami.edu/>) or for specific information regarding graduate programs, contact the Graduate Advisor of the respective program.

To be considered for a graduate assistantship or fellowship, a graduate student should contact their College or School or visit the Graduate School Website (<http://www.miami.edu/grad/>) for more information.

Your financial aid offer may consist of federal loans, institutional or outside scholarships, tuition waivers, tuition remission, fellowships/stipends, or a combination. An offer is based on the information our office has at the time of your package. We will offer or award aid to a student's maximum eligibility as determined by the Cost of Attendance (COA). A student's COA is subject to change throughout the year depending on, but not limited to, changes to enrollment or university charges.

Please note that if a student is aware of awards they are receiving, but are not reflected on their award package, they should not accept the loan amounts being offered. Once our office is notified of the award, the loan eligibility will be adjusted to prevent an overaward.
