

MINOR IN MICROBIOLOGY AND IMMUNOLOGY

Curriculum Requirements

Code	Title	Credit Hours
Take the following: ¹		11
MIC 301	Introduction to Microbes and the Immune System ³	
MIC 304	Introduction to Microbes and the Immune System (Lab) (Can be taken before or after the MIC 301) ⁴	
Select one of the following: ¹		
MIC 319	Innate Immunity ²	
MIC 321	Immunobiology ³	
Select one of the following: ¹		
MIC 201	Modern Plagues and Society ²	
MIC 322	Medical Parasitology ³	
MIC 323	Microbial Pathogenesis and Physiology ²	
MIC 436	Fundamental and Medical Virology ³	
Select a minimum of one credit hour from the following:		1
MIC 201	Modern Plagues and Society ²	
MIC 322	Medical Parasitology ³	
MIC 319	Innate Immunity ²	
MIC 321	Immunobiology ³	
MIC 323	Microbial Pathogenesis and Physiology ²	
MIC 436	Fundamental and Medical Virology ³	
MIC 441	Microbiology and Immunology Colloquium ⁴	
MIC 460	Advanced Topics in Microbiology and Immunology ³	
Total Credit Hours		12

¹ Required of all Microbiology and Immunology Minors

² MIC 201, MIC 319, MIC 323 Fall Semester Only or by announcement

³ MIC 301, MIC 321, MIC 322, MIC 436, MIC 460 Spring Semester Only or by announcement

⁴ Fall and Spring Semesters

* Variations in the above programs may, in special cases, be approved by the Microbiology and Immunology undergraduate advisor and Director.

** Courses in Microbiology and Immunology to be credited toward a Microbiology and Immunology major (24 cr.) or minor (12 cr.) must be completed with a grade of C- or better with an overall GPA of 2.0.
