

# MINOR IN ENTREPRENEURSHIP FOR NON-BUSINESS STUDENTS

## Overview

Minor Area of Specialization in Entrepreneurship for Non-Business Students (People & Society)

This minor is for non-business students who seek to learn about developing business plans or how to initiate and manage small business enterprises. Interested students should consult with an academic advisor *in the School or College of their degree/major* to determine if a minor in Entrepreneurship is acceptable. If so, neither advice nor consent from either the Office of Undergraduate Business Education or the Department of Management is necessary. Instead the non-business student should simply declare the minor and complete the required six courses, or 18 credit hours.
